

KARL STRONG CONSTRUCTION LTD.

EST: 2001

Job Opening: Experienced Foreman for Civil Engineering Projects

Location: Dublin, Ireland

Company: KSC Ltd.

About Us: KSC Ltd. is a leading civil engineering company in Dublin, Ireland, known for our commitment to excellence and safety. With a reputation for delivering high-quality construction projects, we are seeking a skilled and experienced Foreman to join our dynamic team.

Position Overview: We are looking for a dedicated Foreman with a strong background in civil engineering to oversee our construction projects. The ideal candidate will have exceptional multitasking abilities, excellent people skills, and the capability to read and interpret drawings. This role is critical to ensuring that all site operations are carried out safely, efficiently, and to the highest standards.

Key Responsibilities:

- Ensure all site operations are carried out in strict compliance with company HSQE (Health, Safety, Quality, Environment) requirements and standards.
- Review work packages to ensure all necessary information and permits are in place to execute the works safely and efficiently.
- Daily management, supervision, and reporting of direct labor resources, plant, and materials allocations.
- Conduct post-construction surveys and compile accurate information to prepare As-Built records.
- Liaise proactively with the client, consultants, the public, and associated stakeholders to ensure smooth project execution.

Co. Louth. A92 X925

Company No. 433862
VAT No. IE 9502460 M

Required Skills and Experience:

- A relevant third-level qualification in Civil Engineering or an equivalent discipline is desirable but not essential; a strong background in groundworks is essential.
- Supervisory experience in groundworks is required.
- Training in the location of underground services.
- Training in signing, lighting, and guarding.
- Excellent interpersonal skills with the ability to build effective working relationships.
- Ability to work with minimum supervision within a fast-paced team environment.
- Full driving license.

How to Apply: If you are a dedicated professional with a passion for civil engineering and leadership, we invite you to apply. Please submit your CV via our application portal on our website for a confidential discussion.
