

KARL STRONG CONSTRUCTION LTD.

EST: 2001

Job Opening: Setting Out Engineer

Location: Dublin, Ireland

Company: KSC Ltd.

About Us: KSC Ltd. is a prominent civil engineering company based in Dublin, Ireland. Renowned for our dedication to excellence and innovation, we are seeking a talented Setting Out Engineer to join our dynamic team. If you are passionate about construction and civil engineering, this is an exceptional opportunity to further your career with a supportive and forward-thinking company.

Position Overview: As a Setting Out Engineer at KSC Ltd., you will play a crucial role in ensuring the precise execution of our construction projects. Your expertise in setting out and site supervision will contribute significantly to the successful delivery of projects, maintaining the highest standards of quality and safety.

Key Responsibilities:

- **Setting-out:** Perform accurate setting-out duties using robotic Total Station, EDM instruments, and GPS.
- **Subcontractor Management:** Oversee and manage subcontractors to ensure efficient project execution.
- **Site Supervision:** Supervise various trades and contractors, ensuring adherence to project specifications and timelines.
- **Health and Safety:** Maintain strong health and safety standards on-site.
- **Quality Assurance:** Check plans and drawings to ensure all calculations are accurate and materials used are as specified in the contract.
- **Liaison:** Communicate effectively with subcontractors, clients, and other professional staff to ensure smooth project progression.
